PERSONAL SKILLS/OTHER SKILLS

Teamworking:
Participations to many group case-studies:
Relevant results:
- Accenture case-study 2018, 1° place
- Turinext 2018, Special Prize
During the "Entrepreneurship and innovation" course, collaboration with "Acque Sant'Anna" for a market analysis for the Bio-Bottle project.

Problem solving:
Strong logical skills (certified by my academic background) united to a great curiosity are the ultimate tools that help me, through a precise and deep analysis, to understand and solve challenging problems.
I have the desire to go deep in understanding things, especially the most challenging ones. I love to solve problems and I am a fast learner who adapts extremely quickly.

Values:
I personally consider values extremely important and I truly believe in honesty and integrity. I am looking for a company with a great culture, a place where I can feel that I am doing something important not only for me, to whom I can offer my reliability and commitment.
